This is your e-badge. Please print this screen and bring it with you to the event. To receive your badge, please either print this screen and, once on-site, hold the data matrix (little square to the left of your badge reference) in front of the red scan light at one of our self-help terminals or note down your badge reference and type it on one of our touch-screens in the entrance.

This will ONLY admit the person indicated – once your badge is printed, you will NOT be able to receive a duplicate.

If you have requested to receive a badge through the post, please save the e-mail in case your badge doesn't arrive or you have booked beyond the last viable posting date.
